New York, Oct. 15.—Money closed at casy rates to-day. Exchange closed steady at 4816488; actual rates, 480% 480% for demand. Governments closed steady; currency \$\mathbb{C}\_{\text{s}}\$ (15; 48. coupons, 123%; 4\mathbb{C}\_{\text{s}}) for demand. Governments closed steady; currency \$\mathbb{C}\_{\text{s}}\$ (15; 48. coupons, 123%; 4\mathbb{C}\_{\text{s}}) for demand. The stock market was moderately active this morning while prices were irregular. In the early dealings values were weak on advices of lower prices in London for American securities. This market opened lower reduced to a lower point than at the opening, and closed very near bottom of the day. There has been very good trade between local operators and scalpers, and a fair general trade from the Northwest, New York, and St. Louis, but see nothing in it all from which to make any forecast for to-morrow's probable course of prices.

New York.

New York, Oct, 15.—Cotton.—Messrs, Hubbard, Price & Co., in their cotton circular to-night, say: "The market in Liverpeol to-day is a point better than yesterday. The improvement there appeared to have been assisted by reports of frost in Northern Texas, of which, however, we have failed as yet to get any confirmation." Receipts at our ports to-day estimated at 45,000 bales, against 33,405 last week, and 49,236 last year. Spot market is easy at 11-16 decline in prices. Sales, 220 bales. Transactions in futures 95,000 bales. Futures closed 1 to 2 points lower, as follows: October, \$10.01@\$10.02. November, \$10.02@\$10.03; December, \$10.02@\$10.07;

GREAT AUCTION SALE

For Residence and Manufacturing Purposes

SOUTH BOSTON.

The Growing Inland Town of Southside Virginia.

SOLID INVESTMENTS! The best opportunity for safe investment in real estate ever effered in Virginia. SOUTH BUSTON one of the most solid and substantial lowing in the South. In the centre of the richest growing tobacco section in the world, selling annually [18] MILLION FOUNES, making it the fifth tobacco market in the State. It offers all the advantages of a milroad centre—main trank lines of the Richmond and Daniville and Lynerburg and Durham traversing the entire length and breadth of its Corporate Limits. Has now a population of 3,000 inhabitants. There are in active operation Smoking, Flug, and I wist Tobacco Factories. Carriage and Wagon Factories, Brick Yards, Hogshead and Stave Factories, Plaining Mill, Spoke-Works, and many other smaller industries. Religious, Educational and Social privileges are unsurpassed. The Presbyterian, Methodist, Episcoppi and Baptists all have handsome and substantial edifices. The South Boston Graded School offers every advantage to those desiring to prepare themselves for business or a higher grade of learning. The South Boston Frende Institute is a superior institution for the training of young ladies, and stands high in the estimation of the public. Webster's lithia water, which is fast gaining notoriety, is free for daily use to all. There are deposits of coal and rich magnetic iron ore near the town. There seems to be but little if any doubt that large coal beds lie within four miles for South Boston. They are now being developed and cheap coal will undoubtedly offer its great advantages to the town in a short time. The hanking facilities are good—business being done through two banks having a large capital and surplus. The town has a \$20,000 water system, and is lighted by a splendid Brush Electric Light Plant.

The EAST-END LAND COMPANY, owning the best Residence, Suburban and Manusetric Light Flant.
The EAST-END LAND COMPANY, owning the best Residence, Suburban and Maturing property in the town, will offer 300 OF THEIR LOTS FOR SALE.

October 23 and 24, 1890.

THEMS: One-third cash, balance in one and two years with notes bearing interest from of sale. Title retained until purchase money is paid. Free sites for manufacturing purposes. Railroad fare refunded to all purchasers.

## Sale of Lots

Will Commence on October 15, 1890, of the Most Desirable Property of the

# Max Meadows Land and Improvement Company,

AT MAX MEADOWS, WYTHE COUNTY, VIRGINIA.

Lots for which more orders than one are received will be sold at auction to the highest bidder, at 1 P. M., on

# SATURDAY, OCTOBER 25, 18

There is no desire on the part of the Company to auction a large number of lots, and every opportunity will be given to parties ordering the same lot to change the auction is held simply to give every one an equal CHANCE TO GET THE LOTS DESIRED.

TERMS.

One-third cash, one-third in one year with interest, and one-third in two years with interest, deferred payments being represented by notes and secured by deed of trust.

**EXCURSION TICKETS** 

Will be sold from all points on the lines of the NORFOLK and WESTERN and SHENANDOAH VALLEY RAILROADS to MAX MEADOWS, on the day of sale, OCTOBER 26th.

MAX MEADOWS is situated seventy-two miles WEST OF ROANOKE, twenty-eight miles WEST OF RADFORD, and seventy-nine miles EAST OF BRISTOL, which is on the Tennessee line. The elevation is

2,015 FEET ABOVE TIDEWATER.

REED CREEK flows through the town, and furnishes an excellent WATER SUPPLY for town, manufacturing and drainage purposes. The LOCATION is a beautiful one, and on account of the GREAT ELEVATION, GOOD WATER SUPPLY, and EASY, NATURAL DEALINAGE, the town is a very desirable and healthy location for residence and manufacturing purposes. MAX MEADOWS lies in the heart of the great BRON-ORE SECTION of Southwestern Virginia, being surrounded on all sides by IRON MINES and PROFERTIES. Two very large iron-ore properties are only three and a half miles from the town, and will be the principal source of supply for the BLAST FURNACE now under construction. The town is only forty miles in an air-line from the great POCAHONTAS FLAT-TOP COAL FIELDS. The present distance by rail is one hundred and three miles, and it is more than probable that at some day in the future a shorter and more direct line will be built, making MAX MEADOWS a JUNCTIONAL POINT and giving it the cheapest possible supplies of COAL, COKE, and IRON-ORE. This is the centre of an agricultural district noted for years on account of its richness and fertility, and is one of the cheapest possible supplies of COAL, COKE, and RON-ORE. This is the centre of an agricultural district noted for years on account of its richness and fertility, and is one of the largest shipping points for fine cattle in Southwestern Virginia.

The management of the MAX MEADOWS LAND AND IMPROVEMENT COMPANY has been CONSERVATIVE throughout, and it has been the purpose of the Company to make its lots valuable before offering them to the public. For this reason a LARGE AMOUNT OF MONEY has been expended in improving the town. Streets have been opened and graded, a handsome first-class Hotel is nearly completed, a large brick hotel and store building is under construction, water-works are being built, and a large number of houses have been completed and are in course of erection. The Norfolk and Western Railroad Company proposes to recet a handsome stone passenger station on ground reserved for that purpose, and will commence work during the coming year.

In the principal business part of the town a restriction is put upon the lots, that no buildings can be constructed unless of brick, stone or iron, and in the principal residence portion no houses can be built of less cost than \$1,506, and no building erected for the sale or manufacture of gunpowder, chemicals or other objectionable products. The boundaries covered by these restrictions are clearly set forth on the maps.

### INDUSTRIES.

A 150-ton Blast-Furnace is under construction; Iron Mines are being opened and connected with the furnace by a railroad; abrick-pard is in active operation. The following industries have agreed to locate at this place: Rolling-Mill and Horseshoe Works; a Planing-Mill and Sash, Door and Blind Factory. Negotiations are in progress and will probably be concluded within the next few weeks for a Machine-Shop, Foundry, Boiler and Engine Works. The above industries will employ at least

700 to 1,000 men, and will thus insure a population of 3,000 to 4,000 at the start.

If for any reason, which cannot now be foreseen, the above industries should not be absolutely secured, or other industries employing an equal namber of men, within six onths from date of sale, Ootober 25, 1890, the purchasers of lots will be given the OPTION of having the sale canceled, the cash payments refunded, and being released from aking the deferred payments. This option must be exercised within fifteen days from the expiration of the said six months.

The Company has secured the services of a competent manager, having a large acquaintance among the manufacturers of the North, who will make it his special business to duce new industries to locate. Negotiations are now in progress with quite a number, and there is every reason to believe that during the next six months or year many new dustries, in addition to those already secured, will be located, and the population largely increased thereby.

LOTS ARE OFFERED AT VERY REASONABLE PRICES, and the public given the opportunity of profiting by the rapid increase in values sure to follow the large increase production guaranteed. A payment of \$25,00 on account of the cash payment will be required from purchasers on the day of sale, October 25, 1890, or on receipt of a contract of sale, to be given prior account of deeds, which will be prepared as rapidly as possible.

Applications should be made to the
